DETAILED ACTION

Status of the Application

1. Previously, claims 10-12 and 27 were pending in the application. In the prior action, mailed on June 2, 2004, claims 10 and 11 were indicated to be allowable, claim 27 was objected to, and claim 12 was rejected. In the Response, filed on August 10, 2004, the Applicant amended claim 12 to incorporate the limitations of claim 27, and canceled claim 27.
2. Claims 10-12, are pending and allowed.

Claim Rejections - 35 USC § 112

3. **(Prior Rejection- Withdrawn)** Claim 12 was rejected in the prior action under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for the claimed composition obtained by contacting a PRONASE protease preparation with immobilized benzamidine and then eluted therefrom with arginine, does not reasonably provide enablement for such compositions wherein each of the immobilized affinity moiety and the eluting moiety is selected from any of an amidine, a guanidine, and an amine containing species. In view of the amendment of the claims limiting them to the subject matter indicated as enabled, the rejection is withdrawn.
